

SMP Research Higher Degree Milestones: Mid-Candidature Review

RHD students are required to:

1. Before initiating any processes via the candidature management system talk to the Research Higher Degree Liaison Officer (Linda Waldrum) via rhd-smp@uq.edu.au
2. Provide feedback from their Advisory Team detailing their progress since Confirmation. It is the responsibility of the candidate's Principal Advisor to provide written feedback to yourself and the School Postgraduate Coordinator via email pgc-smp@uq.edu.au
3. Provide feedback on an oral presentation given between confirmation and mid-candidature review. – e.g. from a conference, seminar or group meeting presentation. The feedback should be written by a cognate member of academic staff outside the candidate's Advisory Team. The feedback should be sent to the School Postgraduate Coordinator via email pgc-smp@uq.edu.au
4. Once the two pieces of feedback have been sent to the School Postgraduate Coordinator, the student should submit an Attainment of Milestone web-form in the Candidature Management Portal <https://my.uq.edu.au/rhd/services/manage-my-candidature>
5. If an extension for the review is required, the student should submit an **Extension of Milestone web-form in the Candidature Management Portal.**
6. Note: To achieve your next milestone (Thesis Review) you must give a talk at one of the regular SMP seminar series between mid-candidature review and thesis review. We strongly suggest that you don't leave this to the last minute as this seminar should be advertised to the School at least a week in advance.
