

PROSPECTIVE PhD

OPEN DAYS 2018

## Pursue a rewarding PhD in Mathematics or Physics.

To coincide with The University of Queensland's Annual Research Week from September 10 - 14, the School of Mathematics and Physics funds prospective PhD students from Australia and New Zealand to come and visit the School on 13 and 14 September.

Financial support to visit is available for residents outside of Brisbane, including New Zealand students.

Successful applicants will receive a return economy airfare and accommodation costs. As a prospective student, you can select from a broad array of projects available in mathematics, statistics and physics at UQ.

Discover more about research undertaken at the School and locate a prospective supervisor whom is aligned with your interests.

School of Mathematics  
and Physics  
PhD Open Days

13 & 14 September 2018  
Brisbane, Australia

Funding available for  
prospective students. To  
find out more, please visit  
[www.smp.uq.edu.au/pgid](http://www.smp.uq.edu.au/pgid)

## How do I apply?

Applying is easy.

Visit: [www.smp.uq.edu.au/pgid](http://www.smp.uq.edu.au/pgid) and complete the online application form. The closing date is 24 August 2018. Late applications will be considered if vacancies remain.

For more information, contact the following staff:

Mathematics:

✉ Dr. Thomas Taimre  
([t.taimre@uq.edu.au](mailto:t.taimre@uq.edu.au))

Physics:

✉ Dr. Tyler Neely  
([t.neely@uq.edu.au](mailto:t.neely@uq.edu.au))

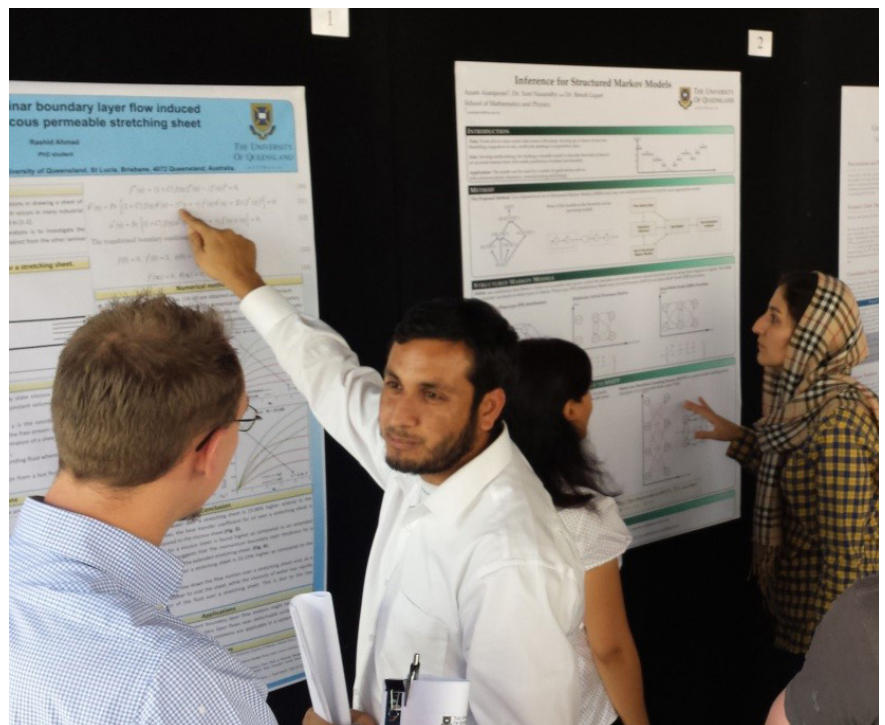

## What will I do at the event?

During the two-day event, you will have the opportunity to meet with our school staff individually and discuss your options for choosing a research project that satisfies your needs and interests.

You will also be taken out to dinner by our postgraduate students and attend our annual Postgraduate Research Student Poster Day to gain an insight into their research and experiences at UQ.

An information session regarding application procedures and scholarships will also be held. New Zealand citizens are eligible for domestic student scholarships. Please visit <https://scholarships.uq.edu.au/scholarship/uq-graduate-school-scholarships-uggss-includes-rtp>

You can even choose to extend your stay through the weekend, giving you a chance to explore Brisbane, and to imagine yourself studying at UQ.
