

School of Mathematics and Physics

Summer Industry Experience 2018-19

- Provide an opportunity for an intern to contribute to projects within your company.
- Six to eight weeks placement (up to 4 weeks in December 2018; up to 4 weeks in January 2019) – UQ will handle contract and insurance coverage.
- Students will receive a scholarship of \$360 per week co-funded by UQ and Industry Partner (50% each)
- Students will present their internship experience at a UQ event (subject to Industry consent/IP).
- Up to **25** scholarships for SMP summer interns are available for 2018-19.

If your company is interested in participating, please contact us at smindustry@uq.edu.au

Our Industry Team:

Murray Kane (Industry Placement Program Officer) murray.kane@uq.edu.au

Nonnie Shepherd n.shepherdbourne@uq.edu.au

Dr Thomas Taimre (Mathematics & Statistics) t.taimre@uq.edu.au

Dr Rachpon Kalra (Physics) r.kalra@uq.edu.au

Project submission deadline is; **Friday 31st August, 2018.**

[Submit your project here](#)

See projects from last year [here](#).

We will advertise these internship opportunities to our students from **Monday 27th August, 2018**. You will receive all applications for your project in the first week of October, and after conducting your selection process, will let us know the outcome by **Friday 26th October**.

A standard UQ sponsorship agreement will be provided to finalise the terms of the arrangement.
