

CARM NEWS *JULY 2015*

WELCOMES/FAREWELLS

We farewell our PhD student, **Rinat Akter** who is leaving us to move to Sydney to be with her husband. We wish her all the very best in her future endeavors.

CONGRATULATIONS

"International Innovation" Magazine" **Rising to the challenge Issue 181**, featuring **Professor Wang's** work is now available via the home page here:

<http://www.internationalinnovation.com/new-digital-edition-issue-181-available-now/>.

Dr Liya Fu's and **Professor You-Gan Wang** book chapter, "Statistical Tools for Analyzing Water Quality Data" has achieved impressive readership results. The chapter published with In Tech in the book "Water Quality Monitoring and Assessment" has so far been accessed 7000 times. Congratulations on the significant impact that your work has achieved to date.

THESIS SUBMISSION

Gilbert Michael Macbeth: Improving the utility of genetic markers in fish populations.
(Supervisors: **You-Gan Wang** and Jennifer Ovenden)

Na Wang: Sustainability and optimality in fisheries management.
(Supervisors: **You-Gan Wang** & Ian Wood)

Michael Francis O'Neill: Improving the effectiveness of age-abundance indicators in the management of fisheries in Queensland, Australia.
(Supervisors: Ron Johnstone and **You-Gan Wang**)

EVENTS

There next R Workshop is scheduled for September 30th to 2nd October. Details will be available on the website soon.

VISITORS

We welcome **Dr Yunlu Jiang**, from Jinan University in China, who will visiting for approximately 6 weeks. He is due to arrive on Monday July 27th. Dr Jiang will work with Professor Wang on the project "Robust Analysis of Longitudinal Data."
